KASSA/CHECKOUT

The diagram illustrates a hand-drawn wireframe for a Kassa/Checkout application. At the top left is a large square with an 'X' drawn through it. To its right is a small rectangular icon containing a barcode. Below these are three menu items: "PROGRAMMA", "TICKETS", and "HOUDER INFO". On the far right is a "SEARCH" button. A large rectangular area below contains the following elements:

- A title "EVENEMENT" with two horizontal lines underneath.
- A "DATUM" field with a dropdown arrow icon to its right.
- A "UUR" field with a dropdown arrow icon to its right.
- A "PROMOCODE" input field.
- Two radio button options: " STANDAARDTARIEF" and " ABONNEMENTTARIEF".
- A "TOTAAL" label followed by a box containing "€10,--".
